

IN TRIBUTE TO
MARSHALL FIELD
AND
COMPANY

**CHICAGO'S FIRST
MAJOR GAY-FRIENDLY EMPLOYER**

Decades ago, Marshall Field and Company was one of the first and only major workplaces in our great City of Chicago –for that matter, in the United States–that hired, retained and promoted openly gay employees.

This diversity contributed significantly to Marshall Field's status as both a beloved, local emporium with something for all, as well as a culturally rich, international institution that dramatically elevated Chicago's global status and influence.

With immense gratitude for and in homage to Marshall Field's GLBTQ history and former employees, we continue to ask Chicago to rally and implore Macy's to restore Marshall Field's to State Street in style, service and name for the 21st Century.

**SUPPORTERS of MARSHALL FIELD & COMPANY,
